PROFESSIONAL
EXPERIENCE

IT Intern – Digital Transformation & Cybersecurity | Jul 2024 – Aug 2024

Be’ah – Oman Environmental Services Holding Company

- Contributed to digital transformation initiatives by assisting in VPN setup, user management via Active Directory, and firewall configuration.
- Provided technical support for internal IT systems and helped troubleshoot hardware/software issues across departments.
- Participated in cybersecurity tasks, learning security practices and supporting the IT team with hands-on maintenance and monitoring activities.

Flutter Developer – Final Year Project | Sep 2024 – May 2025

CafeConnect Mobile App

- Designed and developed an AI-powered mobile application using Flutter to help users discover nearby cafés based on preferences like taste, price, and environment.
- Integrated Firebase for user authentication, real-time database, and review storage.
- Added features like Google Maps, QR code scanning for reviews, and a personalized recommendation system based on user habits.

EDUCATION

National University of Science and Technology | 2020 – 2025

Bachelor in Computer Engineering

- GPA: 2.87
- Completed coursework in mobile development, networking, cybersecurity, and software engineering.
- Developed multiple academic projects including CafeConnect and a secure bank network simulation using Cisco Packet Tracer
- Participated in an internship at Be’ah, focusing on digital transformation and IT support
- Recognition for Extended Research Paper
